DR. YAG-HOWARD TESTIFIES BEFORE AMA POLICYMAKERS

Dermatologist Cyndi Yag-Howard, M.D., owner of Yag-Howard Dermatology Center (yhderm.com) in Naples, gave testimony on June 14 to the policymaking body of the American Medical Association's annual meeting in Chicago. Speaking as a delegate from the American Academy of Dermatology, her amendment to a resolution before the AMA's House of Delegates encouraged the AMA to work with the U.S. Department of Veterans Affairs to minimize administrative barriers that discourage or prevent non-VA physicians without compensation from volunteering their time to care for the nation's veterans.
