

**2019 WINNER of the Procter & Gamble Science Behind Symposium award!**

**Naples, Florida, December 4, 2018-** Naples-based dermatology center, Yag-Howard Dermatology and Aesthetic Center ([www.yhderm.com](http://www.yhderm.com)) announces that Founder, Dr Cyndi Yag-Howard wins Procter & Gamble Science Behind Symposium award from the Women's Dermatology Society.

The Procter & Gamble Science Behind Symposium award is given to established dermatologists who are innovators in their field. Procter & Gamble has host more than 200 prominent dermatologists in Cincinnati, OH for a two-day summit called The P&G Science Behind Symposium (a.k.a. Dermatology Technology Symposium). This gathering of top health professionals with leading industry scientists, researchers, and marketers serves to inspire collaboration, innovation, and scientific exchange. The meeting's ultimate goal is to spur discussion about products with meaningful, measurable and noticeable benefits to consumers and patients.

“What an honor it is to receive this award! I am looking forward to this empowering experience and look forward to contributing to inspire innovation and creativity with other dermatologists.”

#### **About Cyndi Yag-Howard, MD, FAAD**

Dr. Yag-Howard is a board-certified dermatologist and dermatologic surgeon who specializes in skin cancer surgery and facial sculpting. Dr. Yag-Howard received her undergraduate degree from Duke University and her medical degree from the University of South Florida Morsani College of Medicine, where she did her residency in dermatology and served as Chief Resident.

“It is such an honor to be able to see the transformation my patients go through. They come in not being comfortable with certain areas of their face, and they leave filled with confidence and a new outlook on life. I believe facial sculpting should not be about changing your face, but enhancing the most natural you.” she says.
