about yesterday. Live it!"*

## CYNDI YAG-HOWARD, MD, FAAD

Providing thorough, cutting-edge and compassionate care, Dr. Yag-Howard and her team at Advanced Dermatology and Skin Surgery Specialists are at the forefront of the evolving field of dermatology.

A graduate of Duke University and board-certified in dermatology, Dr. Yag-Howard is a nationally-recognized speaker and author on innovative surgical techniques that achieve cosmetically-elegant results. Of her skin cancer surgeries, she states, "My goal is to make it look like you've had nothing done."

Dr. Yag-Howard's practice focuses on total-body skin exami-

nations, skin cancer detection/tréatment, facial sculpting and laser treatment of pigmentation, vessels, nails and benign growths. While pioneering new methods, lecturing around the country and educating peers, she continuously refines her techniques.

"If you're not evolving, you're going backwards," she says.

On a personal note, Dr. Yag-Howard ran the NYC marathon, raising over \$5000 for Camp Discovery, a camp for children with devastating skin diseases. She is working with her own children to create Instant Replay, a program that collects used sporting equipment for in-need children.
